5)	Senja Cashew Community Club	1 st & 2 nd of August	For all members of public
6)	Warren Golf and Country Club	1 st & 2 nd of August	For WGCC members only

We are currently working very closely with our Club owners to implement safety measures and enhance hygiene standards of our swimming facilities. We are actively following the safe resumption protocol set by Sport Singapore to ensure protective measures for our staff and safety of our students.

With the new safety measures and pool maximum capacity implemented in all Clubs/ Pools we are operating in, we may have to limit our number of student intakes. Our managers will contact you in due course for updates. Please do not be disappointed if you are not listed to start at the beginning of phase 2 as we will gradually resume every student as restriction eases. Do rest assure that all outstanding fees paid for classes will not be forfeited.

*Please take note of the following measures during the new-normal swimming classes:

- Student's class resumption date & class schedule will be planned and shared with students.
- Class size is limited to **5 pax max** per class with 3m spacing between classes. We will be using aqua mats/ cones to demarcate class areas and ensure we follow the safe distancing protocol.
- All classes duration will be set at 45mins due to smaller class size.
- There shall be **NO** dryland workout conducted during this period in cases of inclement weather. This is due to SportsSG's safe measurement to avoid congregating of students at limited sheltered area of the pool.
- There shall be no refund or replacement for lessons affected by inclement weather.
- Be **ON TIME** for Class. (Not too early or late)/ Be **PUNCTUAL** for dismissal (Class dismissal at 45mins sharp).
- There will be segregated entry and exit at the Clubs/ Pool, and waiting areas will be space-limited.
- 1 parent/ caretaker to one child is allowed at the waiting area.
- Refrain from using the shower facilities as there are limited shower cubicles available during this period.
- Parents are not allowed to enter pool premises where there are entry gantries in operation. Have your towel ready and wipe dry after class and go. The teachers will bring the swimmers to the dismissal points.
- Taking and recording of temperature of all visitors who enter the Club/ Pool will be enforced by facilities owner. Those with fever (>38 degrees) will not be allowed to enter the Club/ Pool premises.

We are striving to resume classes with safety measures in place for everyone. However, we regret to announce that it is only possible to do so in batches as there are restrictions in class size and safety distancing measures.

A big THANK YOU to all parents and swimmers. Your support has given us strength to continue to serve you and we really appreciate your patience and understanding.

Yours in Swimming,
Torpedo Swim School and Teachers
